Mariia Offidani Iurkova, a.k.a. MARU, is a passionate and innovative artist whose work reflects her diverse cultural experiences. With roots in Russia, experiences in Italy, and a current residence in Mexico, MARU brings a unique perspective to her art. Her style is diverse and covers many topics in a blend made of currents from her inspirational artists and currents, such as Paul Gauguin, Henri Matisse, Egon Schiele.

"My style, even if it might appear somewhat dull and overused, is, in reality, a new take on the modern artistic approach that we see around, showing a different perspective of the world I am surrounded by and tries to show and educate the public on a range of emotions that seems to have been lost in the wake of the evolution and progress of our modern society."

MARU has recently released her Portfolio website. The aim is to connect her art with a global audience, showcasing her latest creations and fostering a deeper appreciation of contemporary art.
